

What Does Being the Best Mean?

Palm Beach County residents voted [REDACTED] the wireless carrier with the best service during and after the recent hurricanes.

Hurricane season can be scary, and [REDACTED] is pleased that we could help you stay connected. Palm Beach County wireless customers say that we provided the best service during and after the recent hurricanes. It just shows how every day [REDACTED] brings the same strong level of commitment to serving our customers. In fact, in 2004 alone, we have made \$134 million in network investments that deliver:

- Consistent, dependable service with fewer dropped or blocked calls when you're checking on loved ones and friends
- Greater coverage in Palm Beach County and throughout South Florida
- Clearer calls so you can get accurate storm and safety information
- Faster data speeds for receiving up-to-the-minute wireless Internet weather alerts and sending critical text messages and e-mails to friends and family

We take our community responsibility seriously. And we're dedicated to giving you the wireless service you deserve – before, during and after the storms. That's why we are the choice of South Florida, serving more customers in Palm Beach, Broward and Miami-Dade Counties than any other wireless provider.

Thank you for being a [REDACTED] Customer!
